

CEC

18 October 1961

Dear Hazel:

Subject: SP-1914, Amendment No. 5

Returned herewith at long last are the original and one copy of the subject amendment. While we have not "received and executed the necessary settlement documents from the Air Force," the deal has been approved by the Resident Air Force Auditor and ACO and has been forwarded to Dayton where the preparation of the document is supposed to be a formality. Consequently, I have concluded that we should not delay this amendment any further.

Very truly yours,

Bob
